The 10th Northeast Granular Materials Workshop will be held at Clark University to bring researchers and students in the North East together to discuss their work on granular materials and explore collaborations. The workshop will feature four invited speakers from physics, geophysics, and engineering disciplines, and include approximately five 10-minute contributed talks, and a poster session. The workshop will begin with breakfast and registration from 8:30 - 9:30 AM (with the first talk starting at 9:30 AM) and end around 4:00 PM. A dorm room is available by prior arrangement if you need a place to stay the night before the conference

Registration, contributed talk and poster submission
