

16th Annual Northeastern

Granular Materials Workshop

Friday, June 8, 2018

School of Engineering and Applied Science
Yale University

The Northeastern Granular Materials Workshop (NEGW) is designed to bring researchers and students in the North East (New England, New York, New Jersey, and Pennsylvania) together to discuss their work on granular materials, active and soft matter and explore collaborations. The workshop features pedagogical talks, short contributed talks, and soundbite sessions.

Invited speakers

Jasna Brujic, Center for Soft Materials Research,
Physics, New York University

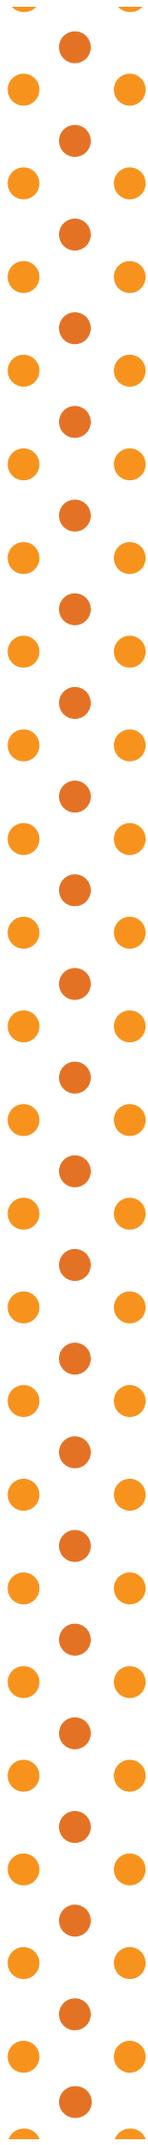

Katharine Jensen, Physics, Williams College

Alexander Petroff, Physics, Clark University

Christopher Rycroft, Applied Mathematics, Harvard University

Contributed talks

We invite you to submit titles and abstracts for the 15-minute contributed talks and soundbite sessions. Contributed talks that complement the invited talks will receive first priority with a maximum of one talk per group. The remaining submissions will be presented during the soundbite sessions. Titles and abstracts can be submitted online at <http://gibbs.engr.cuny.cuny.edu/NEGW.php>. Decisions concerning contributed talks will be made approximately one week before the Workshop.

16th Annual Northeastern

Granular Materials Workshop

Friday, June 8, 2018

**School of Engineering and Applied Science
Yale University**

The 16th Northeastern Granular Materials Workshop (NEGW) will be held at The O'Hern Lab, Yale University, on June 8th, 2018. The talks will take place in Mason Laboratory, Rooms 107 and 211. Breakfast, lunch, and refreshments will be served. The workshop will include four longer pedagogical talks, approximately five 10-minute contributed talks, and a soundbite session. The workshop will begin with breakfast and registration from 8:30 to 9:30 a.m. (with the first talk starting at 9:30 a.m.) and end around 4:00 p.m.

This year's workshop follows the successful traditions of the first fifteen workshops held at Clark University (2003), Yale University (2004), Wesleyan University (2005), City College of New York (2006), University of Massachusetts, Amherst (2007), Brandeis University (2008), Yale University (2009), Schlumberger-Doll (2010), MIT (2011), Clark University (2012), Yale University (2013), Brown University (2014), Clark University (2015), University of Massachusetts, Amherst (2016), and Northeastern University (2017).

Registration

All participants must register before June 1, 2018 so that we can accurately estimate food orders. To register, please visit <http://gibbs.engr.ccnycunyu.edu/NEGW.php>. Breakfast, refreshment breaks, and lunch will be provided thanks to our sponsors: National Science Foundation and the Raymond and Beverly Sackler Institute for Biological, Physical, and Engineering Sciences.

Additional information

Please contact us at corey.ohern@yale.edu if you have any more questions about the Workshop. See you on June 8th.
